

SCHOOL CAST TIPS and REMINDERS

1. Login to your SchoolCast Dashboard (<https://www.myschoolcast.com/>) to be sure that your contact numbers are correct and up to date. Main/preloaded numbers must be changed at the school. (If they are changed manually in the dashboard, the changes will be overwritten the next day by the school provided number.)

If needed, username and password information can be requested from your school.

2. Add any additional numbers that you would like called in the case of an emergency. Where possible, select to allow “text” messages. If cell phone towers are overloaded, text and e-mail messages will often get through when a phone call can not.

3. Be sure to include an e-mail address. This will not only allow for e-mail notifications, but provides a way to send your password to you, if forgotten.

NOTE: Check other media sources for current notices and information including television and radio stations, the district website (www.gcs.k12.al.us), and our Facebook page.
